The National Institute of Optics is accepting applications for a post graduate position in the field of “Infrared laser-based systems for high-resolution imaging and spectroscopy”.

The position will be awarded for 12 months, subject to yearly renewal according to the relevant regulations, with a gross yearly salary of €22.000, paid in twelve monthly installments.

The successful candidate will be chosen through a process of interview (30%) and consideration of all relevant qualifications (70%) including, degrees and awards obtained, postgraduate activity, scientific activity and publications etc.

The position is not compatible with any other type of scholarship awarded by CNR, universities or other research institutes, other than such as may be required to complete the research program abroad.

Requirements:

- a) Degree in Physics or in Engineering
- b) PhD in Physics or in Engineering
- b) experience in the field of infrared optics, sensing, imaging and spectroscopy
- c) Good written and spoken English
- d) Good command of Italian (for foreign applicants only)

How to apply: foreign candidates can send the application by email to ino@pec.cnr.it, using annexes A and B

(available at <http://bandi.urp.cnr.it/assegni/faces/pubblica/CercaAssegniPubblica.jsp>)

Deadline for applications: December 6th 2013. Late or incomplete applications cannot be considered.

Interview: December 18th 2013; time 11,00 am, at the CNR-INO UOS di Firenze LENS, via N. Carrara n. 1, 50019 Sesto Fiorentino (Florence).

It is possible to do the interview by videoconference, upon candidate request sent with the application form. On the request the candidate must declare the name, telephone number and email address of an official (e.g. Lecturer, Professor, Senior Researcher etc) of a University or Research center, who will certify the candidate's identity.
