## **ORDERS**

### **Article 1 Object of selection**

A public selection is announced, based on qualifications and interview, for the assignment of no. 1 senior grant for carrying out research activities related to the Scientific Area "Physical Sciences" to be carried out at the National Institute of Optics of the CNR, in the Sesto Fiorentino Unit, to perform basic research within the project “Advanced, Disruptive and Emerging QUAntum technologies for Defense (ADEQUADE)” for the following topic: “Nitrogen-vacancy color centers in diamond for detecting radio frequencies,” under the scientific responsibility of Dr. Mario Agio

### **Article 2 Duration and amount of the grant**

The research grant will have a duration of 2 years and may be subject to extension or renewal in compliance with the legislation in force at the time.

The total duration of the relationships established with the grant holder and of the subordinate fixed-term employment contracts referred to in art. 24 of the Law 240/2010, also occurred with various state, non-state or telematic universities, as well as with the bodies referred to in art. 22, paragraph 1, of the Law 240/2010, cannot in any case exceed 12 years, even non-continuous, without prejudice to periods spent on maternity leave or for health reasons according to current legislation as well as periods completed prior to entry into force of the Law 240/2010.

Any postponements of the starting date of the activity envisaged in the context of the grant for the performance of research activities, or any interruptions of the activity itself, will be allowed in the event of maternity or illness exceeding thirty days. The interruption of the activity envisaged in the context of the awarding of the research grant, which is justified in accordance with the above provisions, entails the suspension of the disbursement of the amount of the grant for the period in which the interruption occurs, except as provided for by art. 13 of the specification or other specific rules on the matter. The final deadline for the research fellowship is postponed by a period of time equal to the duration of the interruption.

The amount of the research grant, paid in deferred monthly installments, is set at 26,000.00 euros per year net of charges to be borne by the CNR.

The amount does not include any economic treatment for missions in Italy or abroad that may be necessary to carry out the activities related to the research grant. The economic treatment of mission is determined in the amount corresponding to that due to employees of the CNR classified at the III professional level.

The research fellow is covered by a cumulative accident policy underwritten by the CNR.

The contractor carries out the activity independently, within the limits of the program prepared by the research manager, without predetermined working hours.

### **Article 3 Requirements for admission to the selection**

Individuals who, regardless of citizenship and age, are in possession of the following requirements on the expiry date of the deadline for submitting applications for admission can participate in the selection:

- a) degree in Physics or electronic engineering or equivalent obtained according to the legislation in force prior to the D.M. 509/99, or a specialist/master’s degree (Ministerial Decree of 5 May 2004);
- b) research doctorate in Physics (PhD) with a minimum duration of three years, plus two years of scientific-professional experience, also documented by scientific publications;
- c) all qualifications obtained abroad (bachelor’s degree, doctorate and any other qualifications) must normally be recognized in advance in Italy according to the legislation in force on the matter (information on the website of the Ministry of University and Scientific Research: [www.miur.it](http://www.miur.it)). The equivalence of the aforementioned qualifications obtained abroad that have not already been recognized in Italy with the aforementioned formal procedure will be assessed, solely for the purposes of the candidate’s admission to

- this selection, by the selection commission set up pursuant to art. 6, paragraph 1 of the Regulations;
- d) experience in the field of the subject referred to in art. 1 declared in the manner referred to in art. 4;
  - e) documented experience or proven proficiency in experimental nano-optics and/or quantum optics;
  - f) knowledge of the English language;
  - g) knowledge of Italian (only for foreign candidates).

#### **Article 4**

### **Applications for admission and methods for submission**

#### APPLICATIONS FOR ADMISSION

The application form drawn up exclusively using the form (Annex A), must be sent to the National Institute of Optics, exclusively by Certified Electronic Mail (PEC) to the address: **protocollo.ino@pec.cnr.it by the final deadline of the 16<sup>th</sup> of June 2023**. If the deadline for submitting applications falls on a holiday, said deadline is intended to be extended to the first working day immediately following. Applications submitted after the deadline and those that are incomplete will not be taken into consideration. The subject of the e-mail must indicate the reference to the selection notice no. **ASS INO 003 2023 FI** (avoid using special characters). Applications sent electronically and the certifications pursuant to Presidential Decree 445/2000 will be considered valid if the author is identified by the computer system through the access credentials relating to the personal Certified Electronic Mail user.

For foreign citizens, the application and the declarations referred to in the following paragraph 5 can be sent by ordinary e-mail to the address [ino@pec.cnr.it](mailto:ino@pec.cnr.it), where it is not possible to sign the application with a digital signature, the candidate foreigner will validate the application by handwritten signature before the interview. An e-mail confirming receipt of the application will be sent to the aforementioned candidates.

Applicants must produce a form of self-certification curriculum in PDF format to be completed in accordance with Art. 46 and 47 of Presidential Decree 445/2000 and subsequent amendments, and to this end they must use the attached form (attachment B), which testifies the truthfulness of the contents of the Curriculum Vitae, accompanied by a photocopy of a valid identity document (art. 76 DPR445/2000). The same identity document, with readable signature, should be presented at the oral selection. No other documents will be accepted.

In the aforementioned curriculum, the candidate will indicate status, facts and personal qualities, in particular must analytically indicate the studies completed, the qualifications obtained, the publications in the press and/or patents, the services provided, the functions performed, the positions held and any other activity scientific, professional and didactic possibly exercised, reporting the exact references of each title indicated. The declaration indicated above must be drawn up in an analytical way and contain all the elements that make it usable for the purposes of the selection, so that the examining commission can usefully evaluate the qualifications to which they refer. All information provided in a manner different from the methods indicated above cannot be evaluated.

The self-certifications envisaged for Italian citizens apply to citizens of the European Union. Non-EU citizens residing in Italy can use self-declarations only in cases in which it is a question of proving status, facts, and personal qualities certifiable or certifiable by Italian public or private entities.

The Administration carries out appropriate checks on the truthfulness of the content of the self-declarations pursuant to art. 71 of Presidential Decree 445/2000.

Candidates with disabilities, in relation to their disability, must explicitly request the necessary assistance in their application for participation in the selection.

Works that cannot be found online (e.g., technical reports, monographs, book chapters, patents) or those available online but with paid access, must be sent by the candidate electronically.

The candidate will not have to produce any further documentation in accordance with the provisions of art. 15 Law 183/2011.

Pursuant to art. 15 of the Law 183/2011 it is forbidden to exhibit to public administrations and private managers of public services, certificates concerning status, facts and personal qualities which are, therefore, always replaced by self-certification declarations and the deed of notoriety or (articles 46 and 47 of Presidential Decree 445/2000).

To the application must be attached the form (Annex C) concerning the information on the processing of personal data provided pursuant to Regulation (EU) no. 2016/679; the aforementioned form must be completed, dated and signed by the candidate with a legible handwritten signature.

All communications relating to this competition will be sent to the PEC address of the candidates or to the email address in the case of foreign candidates, the CNR assumes no responsibility for any network connection disruptions.

## **Article 5**

### **Exclusion from selection**

Candidates are conditionally admitted to the selection.

Exclusion from the selection due to lack of requirements can be ordered at any time with a reasoned provision from the Director of the Institute. The exclusion will be communicated to the interested party.

## **Article 6**

### **Examining commission**

The selection Committee is appointed with provision of the director of the Institute concerned and is made up of three members, one of whom must be the research manager with a researcher/technologist profile, internal or external to the institution, with a profile of researchers as well as experts in the field and two alternate members, internal or external to the Entity; the Director, if he deems it necessary to activate the procedure for the equivalence of qualifications obtained abroad pursuant to the last paragraph of paragraph 1 art. 3 of the Regulations, may appoint a university professor from among its members. The functions of secretary may also be performed by a member of the Commission.

In the first meeting, the commission elects its own President and establishes, if necessary, the member who will carry out the functions of secretary.

The Commission can also carry out the procedure electronically.

The Commission concludes its work within sixty days of the deadline for the presentation of applications, unless justified impossibility.

## **Article 7**

### **Method of selection and ranking**

The Commission of examiners proceeds to the selection through the evaluation of qualifications and an interview. The commission has a total of 100 points, of which 70 points for the evaluation of qualifications and 30 points for the interview.

Candidates who have obtained a score of no less than 42/70 in the examination of qualifications are admitted to the interview. The minimum score for passing the interview is 18/30.

The Commission first adopts the criteria and parameters with which it intends to comply, with specific reference to the characteristics of the research project. These criteria and parameters include the requisites required for the type of competition such as the possession of a degree, a research doctorate, specialization diplomas and attendance certificates of post-graduate specialization courses, obtained in Italy and abroad, as well as carrying out research activities at public or private research institutions and bodies, with contracts, scholarships or collaboration assignments, both in Italy and abroad, declared in the manner set forth in art. 4.

Those who have submitted the application to participate in the selection within the terms and in the manner set forth in art. 4, and have not received via PEC communication of exclusion from the selection or communication relating to a different procedural method (videoconference), **they are required to present themselves on the 3<sup>rd</sup> of July 2023 at 9:00** at the CNR - National Institute of Optics, Headquarters of Sesto Fiorentino, via Nello Carrara 1, Sesto Fiorentino, to support the interview.

The commission will be able to carry out the interview remotely using audio/video IT supports according to operating procedures that will be communicated by the CNR Institute, in any case designed to ensure publicity.

At the end of the session relating to the interview, the commission draws up a list of candidates examined with an indication of the score reported by each in the interview itself, a list which, signed by the President and the Secretary of the commission, is posted on the notice board on the same day of the exam site.

To be admitted to the interview, candidates must present a valid personal identity document. Candidates who do not show up for the interview on the fixed day will be declared forfeited from the selection.

At the end of the work, the commission draws up a report in which reasoned judgments are expressed, also in summary form, on each candidate.

The commission draws up the merit ranking according to the decreasing order of the final score obtained by each one based on the sum of the scores obtained in the evaluation of the qualifications and the interview and indicates the winner/s. In case of equal scores, the younger candidate will be preferred.

The merit ranking will be approved by provision of the Director of the Institute, and will be published, by the Director himself, by posting on the notice board of the examination center, on the CNR website: [www.urp.cnr.it](http://www.urp.cnr.it) and with the other forms of advertising envisaged for this selection notice.

All participants in the selection will be informed of the outcome of the selection by communication sent by PEC or by email for foreign candidates.

The inclusion of suitable candidates in the ranking is not permitted. However, the Director of the Institute,

having heard the research manager, can replace one or more winners, who renounce the grant before using it, according to the order of merit ranking.

The National Research Council does not provide for the reimbursement of any expenses incurred by candidates for participation in the interview.

## **Article 8**

### **Formalization of the relationship and termination of the contract**

Within 15 of the publication of the ranking, the Director of the CNR-INO must send the awarding provision to the winner(s) of the selection, in duplicate of the research grant, which will indicate, among other things, the start date of the research activity. Within the peremptory term of 15 days from the date of receipt of the aforesaid communication, under penalty of forfeiture, the winner(s) of the selection must/should return a copy of the aforesaid deed of conferment, countersigned for acceptance together with a declaration of not being in any of the impeding conditions referred to in art.3, paragraph 3,4,5 and art. 4 c. 2.3 of the Regulations. Any delays in the start of the research activity can be justified only for the cases provided for by art. 2 of this selection notice or due to duly proven causes of force majeure.

For the purposes of the grant, the research grant may not be combined with grants for any title awarded by the CNR or other research bodies and institutions, except those granted by the CNR or national or foreign institutions useful to supplement the research activity of holders of cheques with stays abroad. Research grant holders may attend PhD courses which do not lead to scholarships.

May not be the holder of research grants employees of the CNR with an indefinite or fixed term contract, the staff in service with the other subjects referred to in art. 22, paragraph 1, of the cited law n. 240/2010.

The use of the research grant is not compatible with the ownership of employment relationships in the private sector and involves the placement on unpaid leave for the contractor/ employee serving in public administrations.

Pursuant to art. 22, paragraph 3, of the above law, the entitlement to the allowance is not compatible with participation in degree courses, master's degree or master's degree, PhD with scholarship or medical specialization, in Italy or abroad

The contractor must send the following documentation prepared in accordance with the provisions of the Presidential Decree to the Director of the Institute by PEC, within thirty days from the date of acceptance of the grant. 445/2000:

- a) self-certification certifying date and place of birth, citizenship, enjoyment of political rights, educational qualification;
- b) substitutive declaration of the deed of notoriety, on unstamped paper, of not having other public employment relationships, of not having been dismissed or dispensed from employment in a Public Administration due to persistent and insufficient performance and not having been declared forfeited by another state employment, for having obtained the job through the production of false documents or documents vitiated by incurable disability, as well as not having been banned from public offices on the basis of a final sentence;
- c) photocopy of the tax code card;
- d) In the event that the research fellow is an employee of a Public Administration, before starting the research activity, he must submit a self-certification declaration relating to the placement on unpaid leave.

The documents issued by the competent authorities of the State of which the alien is a citizen must comply with the provisions in force in the State itself.

The fellowship holder who, after starting the planned activity, does not continue it without justified reason, regularly and uninterruptedly for the entire duration, or who is responsible for serious or repeated shortcomings or who, finally, proves that he does not possess sufficient aptitude, can be declared forfeited, with a justified provision by the Director of the Institute, from further use of the fellowship.

The provision referred to in the previous paragraph will be taken on the proposal of the Research Manager. If, for personal reasons, the research fellow is unable to complete the planned activity and therefore gives up the research grant in advance, he/she must promptly notify the Director of the Institute and the Research Manager. In this case, it remains understood that the holder of the check will have to return any sums received and not due.

## **Article 9**

### **Evaluation of the research activity**

Before the expiry of the contract, the research manager and the research fellow send the Director of the Institute a documented report showing the progress of the research.

The Director will evaluate the report with a reasoned and unquestionable judgement. In the event of a positive evaluation, and at the request of the research manager, the Director will express his opinion on the renewal of the grant and on the possible attribution of the immediately higher amount within the scope of the type of grant referred to in this notice of selection. (Art. 9 c. 5 of the Regulations)

### **Article 10 Processing of personal data**

The personal data provided by the candidates are processed for the purposes of managing this selection notice including the possible use of rankings and for the subsequent possible assignment of the grant, as specifically indicated in the information contained in the form attached C).

The data will be processed by the National Research Council – Piazzale Aldo Moro n. 7 – 00185 Rome as Data Controller, in compliance with Regulation (EU) n. 2016/679 and Legislative Decree 196/2003.
